

# Demographix offers services far beyond simply hosting your online survey. Take a look at how we can help

We offer a range of Managed Services across the whole online survey process. We can help with any of the below or can even take on full project management for you.

Contact us today for a competitive, no obligation quote.

**1**

**Questionnaire Design**

Not sure what questions to ask to get the answers you are looking for? We can help design and structure your questionnaire for optimal results.

Don't have time to script the survey yourself? We have experienced survey builders standing by who will also offer advice and suggestions for improving your survey.

**2**

**Survey Build**

**3**

**Final checks**

We offer a low-cost Survey HealthCheck service, where we give your survey a thorough once-over before it is published. This way you can rest assured that your survey is optimised and error-free.

We can set up and manage panels for you, including HTML emails. We can also work with third party suppliers to source the exact target audience you are after.

**4**

**Send to recipients**

**5**

**Analyse Results**

We can provide custom reports including analysis, graphics and charts or simply a series of charts of your results. Output will be tailored to your exact requirements.

“ You offer such a great and fast service – turnaround for survey builds is unmatched. ”
